Ahoy Shipmates and families,

I am starting this issue of the Buzz from Buffalo, NY where we are having our reunion. We have one more day of a very successful reunion. This reunion has really been a great joint reunion with the USS Constellation. The two groups are coming together very nicely. We have had our first joint Memorial Service where we both shared the different parts of the service. We had a Bo's'n Mate pipe "Attention all hands", this was new to our group and was a very nice touch and a lady bugler from a local fire company who did a wonderful job with taps. We are having a lot of fun in the hospitality room and with Kenn Livingston's photo booth. This has become a tradition for the Hornet group. The Connie group loved it as much as we do. Thanks, Kenn. On the first evening we had a joint welcome with pizza and wings, the pizza was great and the wings awesome and I can't forget the pies donated by Jim and Linda Hill. Thank you, Jim, and Linda.

Ray Casey from Military Reunion Planners did a fantastic job of putting together another successful reunion for us. We had tours to Buffalo City, Maid of the Mist Falls cruise, Buffalo Naval & Military Park where we had our Memorial Service, Niagara Falls, Canada with lunch at the Skylon Tower, Buffalo River Cruise, and an Erie Canal Cruise. I heard nothing but good things from shipmates that went on these tours. The cheesecake at the Skylon Tower was fantastic. This has been a lot of work for Ray, and we are very grateful to him for all of his hard work in putting our reunion together.

We will be having another joint reunion with the USS Constellation in Dallas/Fort Worth in 2023. We look forward to seeing a lot of you that missed this reunion in Dallas/Fort Worth. That is Ray's hometown so the reunion should be fantastic.

Thank you all for keeping me updated on your address, phone, and email changes and notifying me of the passing of our shipmates. It helps to keep our data base up to date. Also, if you know of a shipmate that is not a member of the Association; I would appreciate you sending me their information to add to our data base or give them an application to join. When someone notices your cap and says they were on the Hornet, get their information for me. I can add them to the data base also.

ATTENTION: LYN AND CARLA SVENDSEN NEW E-MAIL: lyncarla16@gmail.com

Respectfully submitted,

Sandy Burket, Sec.

FROM THE CHAIRMAN OF THE BOARD

AHOY! Shipmates and Guests,

What a wonderful Reunion in Buffalo, NY we recently experienced at the Millennium Hotel along with Shipmates, wives, and family from the USS Constellation. We had a much better turnout this year than last and met many new people. A good time was had by all!

A special “thank you” is due to our Presidents Francis and Nadia Gutowski who spent countless hours preparing for this event making it a huge success, and also their endless hours in our hospitality room.

Also, another “thank you” goes out to Tom McTigue for his hard work picking up supplies, bartending and assisting in our hospitality room.

Of course, our reunion wouldn't be complete without Kenn and Irene Livingston bringing their “Photo Booth” and taking pictures of everyone. Kenn also entertained us with his guitar and singing. Very good, by the way

As always, Ray Casey from MRP and his assistant Catherine did a wonderful job arranging our tours, busses, and hotel. Thank you Ray and we look forward to DFW.

Dallas Fort Worth (DFW) will be the site of our 2023 Reunion, and this will again be a combined Reunion along with our friends from the USS Constellation. Our Honoree will be Francis Gutowski.

Colorado Springs, CO will be the site of our 2024 Reunion.

Carla & I enjoyed seeing everyone this year and look forward to DFW in 2023. We wish you all a happy upcoming holiday season and enjoy your family and friends.

We have a new e-mail address: lyncarla16@gmail.com

‘Well Done’ to all.
Lyn A. Svendsen

Board of Directors

A VIEW FROM THE HORNET

By Rolf Sabye, Hornet Association / Museum Liaison

USS Hornet – Sea, Air, Space Museum Volunteers

Stanley Sun

May 2021

A big thank you to one of our long-term docents Stanley Sun (15 years!). He is “retiring” from volunteering. A few notes about Stanley:

“Stanley spoke Mandarin Chinese and Japanese. He was a tremendous help with our bilingual visitors. On several occasions Stan led groups of tourists speaking Chinese and English, or Chinese and Japanese at the same time. He was amazing.

Stanley had a doctorate degree in geology and was employed at US Geological Survey and the US Bureau of Reclamation. Being a very humble gentleman, it always annoyed him when he was addressed as Doctor Sun. After the Apollo 11 lunar landing, Stanley helped to analyze the composition of the lunar rock samples. People, at that time, were mildly disappointed to learn that the rocks were basalt, a rather common and valueless mineral here on earth.

Stanley attended a Japanese school in Taiwan during the World War II bombing. His first impression of Americans was when the area around the school was bombed. The students were required to take shelter under their desks, just in case the school was bombed. They all rejoiced that the Americans were so inept that not one of their bombs struck a school or any other civilian-occupied building. It wasn't until many years later, when he became an American citizen, that he learned that the Americans were not trying to hit civilian-occupied buildings.”

**In Memoriam, JOHN SUCKOW
Museum Volunteer**

March 2021 – US Navy Veteran &

John Suckow passed away on June 21, 2020, surrounded by his family, after a long battle with prostate cancer. He was 78. John is survived by his wife of 53 years, Sally Suckow; two daughters, Carey and Toby Suckow; and two granddaughters.

The son of Rose and Roland Suckow, John was born and raised in Manitowoc, Wisconsin. He earned a BS in Economics from the University of Wisconsin, Madison and an MBA from the University of San Francisco. John Suckow served in the US Navy from 1964 to 1971, attaining the rank of Lieutenant. As a Navy pilot during the Vietnam War, he flew many combat missions on USS *Bon Homme Richard* and became a Flight Deck officer on USS *Constellation*. John was proud to be a member of the Caterpillar club after ejecting out of an A6. His honors include the Distinguished Flying Cross, Navy Commendation Medals, and a Presidential Unit Citation. Two of the planes he flew are now in museums. The USS Hornet Museum has the display cockpit of F-11 141828 which he flew in his

training command. The second plane is A4 148314 which resides in the Smithsonian Air and Space Museum. He flew many combat flights in that plane.

John began his business career working for ADT Alarm Systems. He then had a 30+ career in the printing business for Califorms, Corporate Express, and Sierra Office Supply & Printing. The past few years, he served as a docent at the USS Hornet Museum and the Moffett Field Historical Society.

John loved life and he lived it to its fullest. He had an amazing ability to connect with people through his sense of humor and ability to tell stories. John was quick with a joke or historical fact. He was always using his hands whether it was flying an airplane, playing piano, working on his vintage MG, or installing his own hardwood floors. His love of travel took him to far off places such as Nepal, Iceland, Norway, Burma, Antarctica, Africa, and the Galapagos Islands. He had visited all seven continents.

Family meant everything to him. He was a wonderful husband, father, and grandfather. It is fitting that he passed on Father's Day, a day on which he will always be remembered.

In Memoriam, JACK HARPER March 2021 – US Army Veteran & Museum Volunteer

It is with great sadness that we report the passing of Jack Harper, USS Hornet Museum Volunteer, retired Pleasant Hill Police Lieutenant and US Army veteran.

Jack joined our volunteer ranks as a Security Officer in 2007. Lieutenant Harper joined PHPD as an officer in 1973, after achieving the rank of Sergeant in the US Army. He was one of the first PHPD officers promoted to the newly created Corporal position in 1980 and was promoted to Sergeant in 1982. He served as President of the Pleasant Hill Police Officers' Association and was promoted to Lieutenant in 1995. He retired from PHPD in 2001. Jack enjoyed restoring Ford Model T and Model A cars, traveling, playing bluegrass on his guitar and banjos. He was very knowledgeable about California and Nevada history and enjoyed off-road exploring in his Jeep.

Jack belonged to a number of clubs including the Iron Warriors, the Model T Club, The Willys Knight Club, and the Mt. Diablo 4-Wheelers. He loved spending time with his many friends, his daughters Erin, Annie, and Katie, and his granddaughters Clementine, Reese, and Violet. Three days after suffering a massive stroke, Jack Harper passed away on Sunday, Feb 28.

His time with Pleasant Hill PD and his service onboard the USS Hornet Museum and to our nation will always be appreciated and remembered.

In Memoriam, RICHARD NOWATZKI November 13, 2020 – WWII Veteran & USS *Hornet* CV-8 crewman

Richard Nowatzki, who passed away on October 26, 2020, in Roseville, CA, was born in Freeport, IL in 1923.

In early October 1941, as an 18-year-old seaman fresh out of Navy boot camp, Nowatzki was assigned to the brand-new aircraft carrier USS *Hornet* CV-8. Six weeks later, the Pearl Harbor surprise attack suddenly thrust America into WWII.

In March 1942, *Hornet* steamed into San Francisco Bay and moored at the Alameda Naval Air Station. Sixteen US Army B-25 bombers and 134 USAAF personnel were brought aboard. On April 2, she steamed west on a Top Secret mission now known as the famous Doolittle Tokyo Raid. Requested by President Roosevelt, this surprise air raid was a direct response to the attack on Pearl Harbor four months earlier.

On April 18, the 16 Army bombers were launched in heavy seas and high winds on a one-way trip to destroy enemy industrial targets in Japan. During that launch, Nowatzki was positioned in his AA gun mount, next to the flight deck and only feet away from one of the bombers. Over the next hour, he watched the bombers rev up their twin engines and take off. It is most likely that Nowatzki, at 97 years old when he passed away, was the last living person to be an eyewitness to the launch of the Doolittle Raid.

Only 6 weeks later, the Japanese Navy responded by trying to invade the US island of Midway. Because of naval intelligence activities, *Hornet* and her sister ships USS *Enterprise* (CV-6) and USS *Yorktown* (CV-5) were waiting near Midway. On June 4, their ambush against the Japanese fleet destroyed four key enemy aircraft carriers. This famous battle was the major turning point of WWII in the Pacific.

In August, *Hornet* became involved with the Battle of Guadalcanal and was heavily involved in combat operations throughout the Solomon Islands to protect the Marines ashore.

On October 25, a Navy task force which included *Hornet* engaged a superior Japanese fleet. Numerous Japanese naval aircraft attacked *Hornet* with a furious assault of machine gun bullets, bombs, torpedoes and two suicide aircraft. The first bomb struck near Nowatzki's gun mount, injuring his right leg. But when the ship became fatally disabled, he slid down a rope into the shark-infested waters and swam away to a rescue boat. The *Hornet* sank hours later with the loss of 114 men, but Nowatzki continued serving on other ships during the war.

Richard Nowatzki went on to a very successful Navy career eventually retiring in 1973 as a Lieutenant Commander. He enjoyed a decade long civilian career and then retired in northern CA.

Rich was a strong supporter of the USS *Hornet* Museum in Alameda for many years. In this capacity, he was a highly respected speaker at the annual Doolittle Raid commemoration events. In 2015, he greatly assisted the *Hornet* Museum in a successful effort to obtain a Congressional Gold Medal for the Doolittle Raiders. In 2019, when the Paul Allen Foundation ship M/V *Petrel* located the sunken wreckage of *Hornet* CV-8, Nowatzki served as the former crewman who identified the ship and gained national fame for his role in the CBS TV documentary about its discovery.

TAPS

Heavenly Father, welcome home those whom you have called before us and grant peace and consolation to their families. Like a ship that's left its mooring and sailed bravely out to sea, so, our loved one has sailed away in calm serenity. But there is a promise of a greater joy than earth can have in store, For God has planned a richer life beyond the Unseen Shore.

Ships Store

The ship's store is well stocked, and a couple of new items have been added. Sales at the 2022 reunion were \$1,135.65. I would like to resign from the Ships Store. I need someone to step up and take over the operation. My age is catching up to me (83 yrs.). I cannot continue doing this. The Ships Store is a very important part of our Reunions that we do not want to lose. So someone, PLEASE volunteer to take over this valuable position. If possible, I will deliver the merchandise to your door. Come talk to me about it at the next Reunion, please.

Lost/Missing Service Awards/Medals

Veterans who have lost their service medals, ribbons and decorations may receive replacements free of charge from the Armed Services by filing out a simple form and forwarding it to the appropriate service center. The program is also available to families of deceased veterans. A Standard Form 180 can be obtained via mail by calling 314-538-4261. The form can also be downloaded from the following Web site: <http://www.archives.gov/veterans/military-service-records/replacement-medals.html>. Once the Standard Form 180 is completed, it must be mailed to the appropriate Armed Forces Service Center.

ARMY : National Personnel Records Center, Medals Section (NRPMA-M), 9700 Page Avenue, St Louis, MO 63132-5100

AIR FORCE: (Including Army Air Corps) National Personnel Records Center, Air Force Reference Branch (NRPMF), 9700 Page Avenue, St Louis, MO 63132-5100

NAVY, COAST GUARD, MARINE CORPS : Bureau of Navy Personnel Liaison Office, Room 5409, 9700 Page Avenue, St Louis, MO 63132-5100

Once the request has been mailed, it may take several weeks for the Records Service Center to check service records and eligibility (including eligibility for some decorations that veterans were not aware of)

October 13, 2022

Happy 247th Birthday, United States Navy!

In 1972, Chief of Naval Operations Admiral Elmo R. Zumwalt authorized the United States Navy's birthday to be recognized as October 13, 1775. Since that time, this has been a day to celebrate and appreciate the heritage of the United States Navy.

FRA and AMBA wish all current and former members of the U.S. Navy a great Navy Birthday and we thank you for your service to the nation.

Thank you to all Navy personnel for your outstanding service!

Please help us thank all those who have served or are currently serving in the Navy by forwarding this email and letting them know their service is appreciated!

The Navy Turns 247

"A good Navy is not a provocation to war. It is the surest guaranty of peace." - Theodore Roosevelt

"I can imagine no more rewarding a career. And any man who may be asked in this century what he did to make his life worthwhile, I think can respond with a good deal of pride and satisfaction: 'I served in the United States Navy.'" - John F. Kennedy

October 13 marks the birthday of the U.S. Navy, which traces its roots back to the early days of the American Revolution. On October 13, 1775, the Continental Congress established a naval force, hoping that a small fleet of privateers could attack British commerce and offset British sea power.

The early Continental navy was designed to work with privateers to wage tactical raids against the transports that supplied British forces in North

America. To accomplish this mission the Continental Congress purchased, converted, and constructed a fleet of small ships -- frigates, brigs, sloops, and schooners. These navy ships sailed independently or in pairs, hunting British commerce ships and transports.

Two years after the end of the war, the money-poor Congress sold off the last ship of the Continental navy, the frigate Alliance. But with the expansion of trade and shipping in the 1790s, the possibility of attacks of European powers and pirates increased, and in March 1794 Congress responded by calling for the construction of a half-dozen frigates, The United States Navy was here to stay.

With thousands of ships and aircraft serving worldwide, the U.S. Navy is a force to be reckoned with. Below are just some of the Navy's notable accomplishments over the past two centuries:

Important Firsts in Naval History

1. First use of submarines: While the Navy's first commissioned designs for a submarine were handed over in 1875, it wasn't until 1898 that the first Holland submarine launched successfully.
2. First use of modern battleships: While America had battleships before the 1908 South Carolina class dreadnought, which started with the USS Michigan and was based on British
3. ships, these were the first in the new era of battleships.
4. First use of Naval aircraft: In 1911, the U.S. Navy bought its first airplane, the Curtiss A-1 Triad.
5. First aircraft carrier: The first flight from the deck of a U.S. Navy cruiser in 1910 led to the 1927 Lexington-class aircraft carriers, the first operational aircraft carriers in the U.S. Navy.
6. First use of Rigid Hull Inflatable Boat: Introduced in 1992, these rubber boats were originally meant for life boats in the 1960s, but the Navy now uses them for SEALs due to their lightweight, high speed, all-weather specifications.

General Member Meeting
USS Hornet Association
September 15, 2022
Millennium Buffalo Hotel
Buffalo, NY

Chairman of the Board, Lyn Svendsen welcomed everyone to the Reunion stating that we were to keep this informal. He opened the meeting by telling a story about a little guy that came to the reunions that wanted to help with anything he could. And that was fine. And one distinguishing thing about this fellow was that he always wore his dippy hat, his white hat. He came to all of the reunions and that was his trademark. And the president of this reunion, Francis Gutowski, that was his father. Francis used to join him, and at that time he was young. Congratulations! I could not have done it without my wife, Nydia. But any way we are running the hospitality room and I have enjoyed bartending you get to speak with everybody. I would like to ask everyone that you help out the hospitality room with your donations in that jar. We have run up a lot of bills; we all have had fun and had a lot of snacks. So again, if you can; help with the donations towards the hospitality room. Thank you again.

Lyn called for the treasurer's report from Marianne Gezich. In our general fund we had a balance of \$18,297.40, income of \$15,338.51, expenses of \$14,078.81 with an ending balance of \$19,557.10. Memorial fund beginning balance \$16,023.86, income of \$2,740.00, expenses of \$7,765.80 (a plaque that was placed on the USS Hornet) with an ending balance of \$10,998.06. The ships store had a beginning balance of \$384.66, income of \$627.69, no expenses and an ending balance of \$1,012.35. The reunion account which we used when we were doing the reunion by ourselves had a beginning balance of \$2,004.12, income of \$.39, expenses of \$2,004.51 and an ending balance of \$.00. This account was closed, and the moneys moved to the general fund. Thank you for being patient with me on getting the dues and stuff out, it might be a little slower this year because I am working at a part-time job. I will do my best to get everything out promptly.

Lyn Svendsen called Francis and Nydia Gutowski back to the podium. Lyn presented Francis and Nydia with the president's plaque for all of the hard work they have done for the reunion. We also have a category within the association for honorees. These people are not for any specific purpose or any one thing just a general application for what they do to assist the Association. And I would like to present an honoree gift to John Webster and Carmen Simbari.

Everyone needs to stop by Kenn's booth if you were not there last night and get your picture taken. It is getting to be a tradition at the reunion. He thanked Kenn Livingston for bring the booth and that we all appreciated it.

Lyn brought up that Ray Casey's contract is expiring in 2023. After some discussion about it a motion was made by Tom McTigue to approve a renew his contract, the motion was seconded by John Webster and the motion passed.

The 2023 reunion will be in Dallas/Fort Worth, TX. That you may know or not may know that that is where Ray lives. I just talked to him a little bit ago and he is already starting to prepare for it. The dates may be changed to October because of the heat down there. Now that brings where do we want to go in 2024. We have a couple of suggestions. One was New Orleans and Ray said absolutely not. It is getting too bad to go there. He did recommend Colorado Springs, CO with the Air Force academy, the Garden of the Gods, and a lot of other things. So, we may want to consider there. John Webster asked about going East since we will be West in 2023. Lyn said that since we have joined another ship, we will have to work together to find the best place for all of us. And we received an e-mail from the USS Bennington that they are having the same problem as we are and inquired about joining us. We may have 3 ships to consider in the future. After a lot of discussion of numerous cities to go to Jim Hill, Sr. made a motion to go to Colorado Springs, CO. The motion was seconded by Carmen Simbari. The motion passed with one nay vote.

Tom McTigue said that we may need to change the way we do things in the future if we will be dealing with one or two other Associations. We are all going to have to work together for the betterment

John Webster gave his ships store report. He said that we had \$627.69 in sales last year with only 2 online sales. So far this year we have had \$1,100 in sales. John suggested that we have a silent auction at the reunions to help bring in revenue. He stated that some of the organizations he belonged to have them, and they have earned as much as \$2,000. The USS Constellation already has one and we can just add stuff to theirs.

Tom McTigue asked everyone that took any pictures at this reunion to send them to him. He is setting up a section on the website for pictures of the reunion for people to look at. This will let everyone see how much fun we have and maybe get more shipmates to join the association and come to the reunions.

Tom McTigue asked about checking into e-commerce on the website. He said that we could put the ships store on it to generate more sales and may be able to add paying our dues online to make it easier for our members and for Marianne. After some discussion he was told to check into it and get back to us on it. The secretary will send all of the ships store pictures she has to Tom McTigue has them if we go through with the e-commerce on the website.

A motion was made by Carmen Simbari and seconded by Chuck Olmstead to adjourn the meeting. The motion passed.

Respectfully submitted,

Sec. Sandy Burket

From the USS Constellation STARSCOPE newsletter

BUFFALO, NY- Kenn Livingston was the hit of the party at the combined 2022 Constellation-Hornet Reunion. In the spirit of “fun and camaraderie,” Livingston set up an instantaneous photo booth for reunion attendees. He had on hand authentic US Navy outfits and caps for former Constellation and Hornet sailors. Attendees, and their wives, could hold life preservers with their ship’s name and get their photos taken for free. This was the fourth time that Livingston provided this service.

Livingston is a formal postal clerk and resides in Kalamazoo, Michigan. He served aboard the USS Hornet from 1968 until 1970, when his ship was decommissioned.

Livingston, an active blues musician, set up his photo booth “to break the ice.”
